Thank you for purchasing this VST instrument. With it you will be able to reconstruct this timeless dance classic using the high quality drums and sounds where many are from the actual master tracks and others painstakingly designed to match the originals.

In the VST folder you will also find a PDF showing the mixer channel settings for each track and also the Beat Machine MIDI file of the song for loading into your DAW. You can then remix & edit to your heart's content. Only the vocal track has been added which you can find online.
