

Thank you for purchasing this Bobby Orlando VST instrument.

Bobby Orlando was a huge 80s Italo Disco/House/Hi-NRG producer recording with such artists as Divine and the Pet Shop Boys, co-producing such hits as West End Girls, It's A Sin, One More Chance and Opportunities. This VST instrument contains many authentic drum kits, basses and synths used by Bobby 'O' so you too can achieve that Hi-NRG sound of 80s New York!

Every included sound has been meticulously sampled/created and mapped across the keyboard. You can manipulate the sound envelope, adjust the LFO, Pan, Pitch, add reverb and even use the high pass filter.

**NOTE: Please place the included fonts into your 'FONTS' folder on your computer. This will show the correct display like what is shown above.**

**To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will automatically be integrated within your setup.**

**For Logic and Sierra users, please download the installation guide which includes the OSX Validation Tool. It can be found on the VST instruments page of the Beat Machine website.**

I hope you enjoy this VSTi release.

We are always interested in hearing any productions where you use any of our instruments or samples. Send us a link to [info@beatmachine.co.uk](mailto:info@beatmachine.co.uk) or find us on Sound Cloud as Beat Machine Drum Sample Packs.

*Finally, may we ask you to **please not illegally share, duplicate or modify** this instrument in any way. Illegal distribution will only jeopardise future releases. Thank you.*
