

Thank you for purchasing this Korg DW8000 'User Bank' VST instrument.

Released in 1985, this 8 voice polyphonic Analogue/Digital synthesizer brought a full palette of great sounds including fat & solid brass sounds, flowing string pads and beautiful metallic bells.

This VST has a special set of 64 Preset patches from 'User Bank' of the synthesizer.

**NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.**

**To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will automatically be integrated within your setup.**

**For Mac users, please visit the Beat Machine website for more information.**

I hope you enjoy this VSTi release.

We are always interested in hearing any productions where you use any of our instruments or samples. Send us a link to [hello@beatmachine.co.uk](mailto:hello@beatmachine.co.uk) or find us on YouTube & Facebook as Beat Machine Drum Sample Packs.

*Finally, may we ask you to **please not illegally share, duplicate or modify** this instrument in any way. Illegal distribution will only jeopardise future releases. Thank you.*

# SOUND SET
