Here are all of the sounds and the drum kit required to accurately reproduce the classic Pet Shop Boys hit 'Heart'.

All of the sounds are either taken from the original studio recording or are designed and crafted to match the original.

NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.

To Install the VSTi: Place the entire folder into your VST plug-ins folder. When you then start your DAW, it will automatically be integrated within your setup.

This instrument is now VST 3 ready and available for Mac users.

Here is a short video showing how to get up & running quickly in Windows.

Further install instructions for both Windows & Mac users are in the text file with your purchase...
