

Thank you for purchasing this **MC303 Set 1** VST instrument.

The **Roland MC303 SET 1** contains three sound banks from the classic Roland MC303 GrooveBox module. The three sound banks included are 'Synthesizer', 'Bass Guitar' & 'Synth Stack'. A total of 53 groovy sounds to enjoy, all for one very affordable price.

NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.

To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will ask for your Serial Number. Copy this into the box when prompted then it will automatically be integrated within your setup.

For Mac users, please see the information on the 'News' page of the website, alternatively please contact Beat Machine for more info. There are free VSTs for all users to test out on their software available from the 'Useful Downloads' page of the website.

I hope you enjoy this VSTi release.

We are always interested in hearing any productions where you use any of our instruments or samples. Send us a link to info@beatmachine.co.uk or find us on Sound Cloud as Beat Machine Drum Sample Packs.
